

DONT'S

CARING FOR YOUR RATIONAL

DO'S

- Never place any item directly under or on top of unit
- Never pour grease or fat into the drip trays. Always clean the door and cabinet drip tray daily.
- Never use scouring pads or non-Rational chemicals
- Always use a soft cloth and the correct type and quantity of Rational cleaning and care tablets
- Never attempt to insert or remove trays at an angle. Always have door fully open to prevent damage
- Never place cleaner tablets on the cabinet floor. Always remove foil packet and place tablets in the basket
- Never cool down unit by spraying water into the cabinet. Always use unit cool-down function
